

Automated invoice creator (for tutoring)

Developed a reusable Typst function (a novel markdown based language) to automate invoice creation for repeated use for tutoring.

Skills

- Programming (using VS Code)
- Template design and automation
- Efficient code structure
- Document formatting
- Documentation and tutorial creation (for self)
- Version management

Example of created document

Tax Invoice

Invoice ID: 0001
Issuing Date: 31-08-2025

Recipient

Biller

-----[Censored]-----

Items

No	Date (DD-MM-YYYY)	Description	Duration (Hours)
1	06-08-2025	Tutoring (online) – Mathematics: Example	1
2	13-08-2025	Tutoring (online) – Mathematics: Example	1
3	21-08-2025	Tutoring (online) – Mathematics: Example	1
4	27-08-2025	Tutoring (online) – Mathematics: Example	1
5	28-08-2025	Tutoring (online) – Mathematics: Example	1
